### Bully Buster

*Written by Avalon Intermediate music students with Mr Schaller*

This frustrated bully stormed through the door  
Tripped up a little kid who fell to the floor  
Pushed another kid against the wall  
And stole her brand new basket ball

Dropping in on your conscience  
We are here to stop nonsense  
Cool calm and collected  
We must be effective

Take your negativity  
Recycle it  
Turn it into rap and ignite it  
Burn it till it's gone  
Let the flames be the song  
We unlock a lock  
With respect we will rock

Doesn't matter where you come from  
Or where you been  
We the bully stoppers driving the machine  
Cleaning up our act  
We recycle all our scrap
