

How to be a bully free school

Apanui is a bully free school - we show kindness to everyone

Be nice to everyone

If you don't have a friend show respect
responsibility and resilience and make a friend.

Involve others

Involve others in your game whether there big,small,no matter what they look like and when people are being bullied ask them to join in.

Sharing is caring

If you be nice to someone they will be nice to you. If you see someone being a bully say stop! There's no reason to be doing this.
